September 2021

Dr. Sabri,

It is with great honor that I inform you that your manuscript, "Mirror Face Lift": Concept, Description, and Evaluation 1 Year Postoperatively" **has won the "BEST EUROPEAN PAPER" award in *Plastic and Reconstructive Surgery- Global Open* for calendar 2020!** Congratulations!

The Editorial and Publishing staff scoured data for all manuscripts published in 2020 to determine the number of times each article was read on PRSGlobalOpen.com (combined Full-Text and PDF usage) for the 16 months following article publication. This 16-month data was combined to create an average score for each manuscript, placing them on equal footing, independent of publication month. The articles were sorted by score, and selected based on pre-existing categories. Your paper was, by a distinct margin, the best paper in your category. Authors were not allowed to win twice, even for different papers or different awards. Co-Editors Amanda Gosman and Albert Losken, Editor and Co-Editor Emeritus Rod Rohrich and Jim Stuzin, the ASPS Executive Committee, and I were ineligible. As you can see, a lot of thought and effort went into selecting these winning papers in an unbiased manner- and yours was a clear winner.

Some details of how we will be celebrating your paper follow:

- If you are planning on attending Plastic Surgery- The Meeting 2021 in Atlanta, Georgia, USA, I invite you to join me at our **Awards Ceremony**, which is scheduled for **3:30 pm ET, Saturday, October 30<sup>th</sup> 2021** at the ASPS Center Stage area adjacent to the PRS/PRS Global Open booth in the ASPS Resource Center in the Georgia World Congress Center in Atlanta, Georgia.
